SERVICE CHARGES

MANUFACTURING

Description	Price	Unit of Measure
Complex Bending (4-6 Bends)	\$300 Minimum	Tonne
Advanced Complex Bending (>6 Bends)	\$650 Minimum	Tonne
Radius Bending	\$300 Minimum	Tonne
Advanced Radius Bending (Radius + 3D + Bend)	\$650 Minimum	Tonne
3D Bending (<4 Bends)	\$300 Minimum	Tonne
Advanced 3D Bending (>6 Bends)	\$650 Minimum	Tonne
Precast & High Tolerance Processing	\$650 (\$300 + \$350) Complex Charge + High Tolerance Charge	Tonne
Express Manufacturing Outside Lead Time	\$500 (Minimum \$1,500 Charge)	Tonne
High Cut Tolerance	\$350 Minimum	Tonne

Should be read in conjunction with Bestbar Reinforcement's shapes guide.

Complex manufacturing is an additional cost to our standard business service due to the slower production rate. Complex manufacturing requires additional quality control cycle checks by our skilled operators to ensure we deliver consistently on the tolerance and specification required.

MILL AND 3RD PARTY

Description	Price	Unit of Measure
40mm Bar	\$120	Tonne
Round Bar	\$200	Tonne
Long Length >12 Meters	\$120*	Tonne
Galvanising Bar & Mesh	\$2,500 Minimum	Tonne
Bright/Ribbed Wire	\$665	Tonne

The additional costs are associated with the procurement, service and supply of larger diameter bars, round bars, lengths longer than 12 meters, including 3rd party galvanising fees that need to be recovered through the charges mentioned above. *Note that additional delivery charges apply for any product longer than 12 meters.

ADMIN AND DOCUMENTATION

Description	Price	Using ReoNet	Unit of Measure
Bar Mark Drawing Printing Fee*	\$6	FREE	Each
Lost Documents Fee*	\$25	FREE	Each
Progress Payments (Consolidated Invoicing)*	\$80 Minimum		Per Project Monthly

*Bar Mark Drawing Printing Fees can be avoided by using ReoNet. Fees will apply for printed hard copies to be sent to site.

*Lost Document Fees can be avoided by using ReoNet. Fees will apply for documents requested directly from our staff by phone or email.

*Consolidated Invoicing is an optional service and if requested will be charged monthly to the individual project.

Returned Load: Full or partly unloaded vehicles returned to a Bestbar facility for any reason.

Delivery with Customer Crane Offload: Delivery where customer's mobile or fixed crane on-site offload material from our truck.

Delivery with Bestbar Truck Mounted Crane Offload: Delivery where our nominated truck mounted crane truck offload material on-site.

Delivery with Bestbar Truck Vehicle Waiting Time: Bestbar allows for one (1) hour to unload a rigid, and two (2) hours to unload a truck before demurrage applies.

ESTIMATING, SCHEDULING AND PROJECT MANAGEMENT

Description	Price	Unit of Measure
Estimating Fee	\$25	Tonne
Detailing Fee	\$160	Hour
Scheduling Outside Lead-Time	\$70	Tonne
Rescheduling Fee	\$130	Hour
3D Scheduling (BIM)	\$190	Hour
Part-Time Project Manager	\$15	Tonne
Full-Time Project Manager	\$30	Tonne

Estimating Fee: Applicable to all estimates where quantities were taken off by Bestbar and the total tonnes estimated will be charged for.

Detailing Fee: Poor quality drawings not to AS/NZS 1100.501:2002, detailing of the required bars will be illustrated as individual pieces.

Scheduling Outside Lead-Time: To be charged for any material that requires to be scheduled within 72 hours of delivery.

Rescheduling Fee: Any rescheduling required for material previously scheduled due to changes in drawings and design will be charged per hour with a minimum charge of two (2) hours.

Restocking Fee: The return of stock items is subject to a 20% restocking fee and collection charges; products must be original packaging and re-sellable condition with requests received within the 48 hours of delivery.

Prices are indicative and minimums only. Price may be increased depending on the project complexity, location, accessibility, design, building method, average diameter, size duration, contract terms, and credit and will not be subject to exclusion from commercial agreements. There is a 1.6% surcharge for all Amex and credit card payments.
